This Privacy Policy does not apply to any other website owned or operated by a third party retailer, supplier, service provider or affiliate, even if such third party links to a Website owned by Ellsworth or Ellsworth links to that third party website. Accordingly, this Privacy Policy does not apply to the practices of any third party, affiliate, or business partner that Ellsworth does not own or control. Additionally, the owners of social media services may have additional online privacy terms and conditions that supersede this Privacy Policy depending on a user's own personal preferences with that social media provider.

COLLECTION AND USE OF NON-PERSONAL DATA

Ellsworth does not collect your e-mail address or other personal information without your consent. Ellsworth does log your IP address (the internet address of your computer) to tell us which parts of our Websites you visit and how long you spend there. Ellsworth does not link your IP address to anything personally identifiable; however, we do track the state and/or country you are accessing the internet from, the date and time you visited and the type of computer, operating system and Web browser you are using. Your browser supplies us with this information. Ellsworth uses this information from our server logs to learn more about our visitors as a group, not about you as an individual.

The information helps us identify overall usage patterns and trends on the site. Ellsworth may use third party service providers to collect and analyze such non-personal information.

COLLECTION AND USE OF PERSONAL INFORMATION

Certain features on the Websites enable customers and potential customers to contact Ellsworth and submit personal and/or business information. Personally identifiable information includes your name, postal address, e-mail address, telephone number, and any other identifier by which

you may be contacted online or offline. If you submit personal and/or business information to Ellsworth, Ellsworth may use this information and share this information to third parties that provide Ellsworth with products or services, to respond to your inquiries, or to provide various products, information and/or services to you. For example, if you make a purchase through a Website, Ellsworth will share your information with Ellsworth's credit card processing service provider. When users have chosen to enable service providers to associate their web and app browsing history with their service provider account, those service providers may use that data to build audience lists that may be provided to Ellsworth.

By sending an email to Ellsworth or by registering or subscribing with a Website, you authorize Ellsworth to contact you using the contact information you provide, including email, telephone or facsimile.

Ellsworth will not sell your name, address, e-mail address or other personal information to any other organization unless you expressly agree at the time you submit certain information to Ellsworth (typically by checking a box indicating your consent).

Ellsworth may share personally identifiable or other information with our parent, subsidiaries, divisions, and affiliates.

Ellsworth may transfer personally identifiable information as an asset in connection with a proposed or actual merger or sale (including any transfers made as part of an insolvency or bankruptcy proceeding) involving all or part of our business or as part of a corporate reorganization, stock sale or other change in control.

Ellsworth may disclose your personal information if required to do so by law or in the good-faith belief that such action is necessary to: (a) satisfy a legal order or comply with legal process; (b) defend the rights of Ellsworth or its affiliates or business partners; or (c) protect the personal safety of Ellsworth employees, agents, affiliates, business partners, customers or Websites users.

You will receive notice when your personally identifiable information might be provided to any third party for any reason other than as set forth in this Privacy Policy, and you will have an opportunity to request that we not share such information.

When you choose to use these additional features, we require you to provide personal or business information required to complete a transaction such as your email address, phone number, billing and shipping addresses and credit card information. Occasionally, we may also request information

such as your shopping preferences and demographics which will help us better serve you and others users in the future.

Certain Websites may allow you to register or create a user account, or subscribe to newsletters, forums or promotions. Doing so is voluntary. To register or create an account, you must first complete the registration process, during which Ellsworth will collect personal information about you. The information will include information such as your name, address, and email address. SECURITY

This Website has reasonable technical and organizational security measures in place to protect the loss, misuse or alteration of information under our control. This Website does not use a secure server to transmit sensitive data to and from our site. However, if you place an order online, our third-party service providers that collect or process credit card information for online orders do use secure servers. Be sure not to transmit any credit card or other financial or sensitive data through this Website unless you have first verified that the data is being submitted to our third-party service provider's secure server.

USE OF SECURE TOKENS FOR AUTHENTICATION AND SECURE TRANSACTIONS

Certain Websites may use Secure Tokens or Authentication Tokens for authentication purposes. When you access such a Website, secure tokens are stored on a server controlled by Ellsworth to eliminate the need to store your user name and password on your computer or device. Then, certain sensitive information (referred to as a data element), such as credit card information, is encrypted and sent to a third party using the Secure Token to ensure the security of the data element.
